**Excerpts from the Apostolic blessing “Urbi et Orbi” (To the City and the World) of His Late Holiness Pope Francis from Easter Sunday, the day before his death.**

Christ is risen, alleluia!

Dear brothers and sisters, Happy Easter!

Today at last, the singing of the “alleluia” is heard once more in the Church, passing from mouth to mouth, from heart to heart, and this makes the people of God throughout the world shed tears of joy. From the empty tomb in Jerusalem, we hear unexpected good news: Jesus, who was crucified, “is not here, he has risen” (Lk 24:5). Jesus is not in the tomb, he is alive! Love has triumphed over hatred, light over darkness and truth over falsehood. Forgiveness has triumphed over revenge. Evil has not disappeared from history; it will remain until the end, but it no longer has the upper hand; it no longer has power over those who accept the grace of this day.

Sisters and brothers, especially those of you experiencing pain and sorrow, your silent cry has been heard and your tears have been counted; not one of them has been lost! In the passion and death of Jesus, God has taken upon himself all the evil in this world and in his infinite mercy has defeated it. He has uprooted the diabolical pride that poisons the human heart and wreaks violence and corruption on every side. The Lamb of God is victorious! That is why, today, we can joyfully cry out: “Christ, my hope, has risen!” (*Easter Sequence*).

What a great thirst for death, for killing, we witness each day in the many conflicts raging in different parts of our world! How much violence we see, often even within families, directed at women and children! How much contempt is stirred up at times towards the vulnerable, the marginalized, and migrants!

I would like us to renew our hope that peace is possible! From the Holy Sepulchre, the Church of the Resurrection, where this year Easter is being celebrated by Catholics and Orthodox on the same day, may the light of peace radiate throughout the Holy Land and the entire world. There can be no peace without freedom of religion, freedom of thought, freedom of expression and respect for the views of others.

I appeal to all those in positions of political responsibility in our world not to yield to the logic of fear which only leads to isolation from others, but rather to use the resources available to help the needy, to fight hunger and to encourage initiatives that promote development. These are the “weapons” of peace: weapons that build the future, instead of sowing seeds of death! In this Jubilee year, may Easter also be a fitting occasion for the liberation of prisoners of war and political prisoners!

In the Lord’s Paschal Mystery, death and life contended in a stupendous struggle, but the Lord now lives forever (cf. *Easter Sequence*). He fills us with the certainty that we too are called to share in the life that knows no end, when the clash of arms and the rumble of death will be heard no more. Let us entrust ourselves to him, for he alone can make all things new (cf. Rev. 21:5)! Happy Easter to everyone!
